### Origin of Johnny's Steak & Grill

Johnny's Steak & Grill made its debut on the dynamic culinary scene of Quezon City in late June 2016, finding its home within the modern ambiance of B Hotel. Situated strategically on the serene end of Scout Rallos, this steakhouse entered the bustling Tomas Morato area, adding to the burgeoning trend of steakhouses in Metro Manila.

"Named after my father, Mr. Johnny Chan, the Chairman of Bellevue Hotels & Resorts, the restaurant is a tangible expression of the our (owners') deep affection for steak. Its mission is to deliver a distinctive and memorable dining experience to the community." shared Mr. Patrick Chan, Managing Director of The Bellevue Manila.

Following its triumphant journey in the North, Johnny's Steak and Grill extended its reach to B Hotel Alabang last June of this year, aiming to satisfy the palates of steak enthusiasts in the South. Capitalizing on its expanding market, The Bellevue Manila recognized an opportunity to enhance the steak experience, introducing a refined dining concept. Johnny's Steak & Grill at Cellar XXII, nestled on the 22nd Floor of the Tower Wing, elevates the culinary journey amid a beautiful and sophisticated ambiance. Ms. Mavic Recio, General Manager of The Bellevue Manila, expressed, "This exclusive steakhouse-within-a-bar concept represents a noteworthy expansion of The Bellevue Manila's culinary repertoire, ensuring an unmatched dining experience for aficionados of premium steaks within an elegantly refined setting."
