### **Sustainability at The Bellevue Resort - Bohol**

At The Bellevue Resort Bohol, sustainability is at the heart of everything we do. We are committed to minimizing our environmental footprint while preserving the pristine beauty of Panglao Island. Our eco-friendly initiatives include water conservation through low-flow fixtures and rainwater harvesting, efficient waste management practices, and energy-saving technologies that incorporate renewable energy sources. We also source ingredients and materials from sustainable suppliers to support both the local economy and the environment.

Beyond sustainability, The Bellevue Resort Bohol has established itself as a hub for sports and wellness activities. The resort regularly hosts sports events, including triathlons, marathons, and other fitness challenges, providing an active and healthy environment for our guests. Our facilities are designed to accommodate athletes, with ample space for training and competitive events set against the island's breathtaking natural backdrop.

Additionally, we actively engage in environmental conservation efforts, such as mangrove restoration projects, and offer guests eco-friendly activities like Mangrove Eco Kayak Tours and sustainable snorkeling. These initiatives not only showcase the beauty of Panglao Island but also encourage guests to participate in protecting its delicate ecosystems.

Recognized with the ASEAN Green Hotel Award, our resort proudly exemplifies how luxury, sports, and sustainability can coexist, offering an enriching experience for guests while fostering long-term environmental responsibility.
